Respondent's Position Summary: "The bill was not received by bill review and is now being processed. Carrier will update."

Response Submitted by: Flahive, Ogden & Latson

SUMMARY OF FINDINGS

Dates of Service	Disputed Services	Amount In Dispute	Amount Due
August 29, 2016	Treating Doctor Examination to Determine Maximum Medical Improvement & Impairment Rating	\$150.00	\$150.00

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.204 sets out the fee guidelines for division-specific services provided from March 1, 2008 until September 1, 2016.
3. Submitted documentation does not find any explanations of benefits that were presented to the requestor prior to filing for medical fee dispute resolution.

Issues

Is Gregory P. Ennis, M.D. entitled to additional reimbursement?

Findings

Gregory P. Ennis, M.D. is seeking an additional reimbursement of \$150.00 for an examination to determine maximum medical improvement and impairment rating represented by procedure code 99455-V5-WP. 28 Texas Administrative Code §134.204(j)(2)(C) states, in relevant part:

If the examining doctor determines MMI has been reached and an IR evaluation is performed, **both the MMI evaluation and the IR evaluation portions of the examination shall be billed and reimbursed in accordance with paragraphs (3) and (4) of this subsection** [emphasis added].

28 Texas Administrative Code §134.204(j)(3) states:

The following applies for billing and reimbursement of an MMI evaluation.

- (A) An examining doctor who is the treating doctor shall bill using CPT Code 99455 with the appropriate modifier.
 - (i) Reimbursement shall be the applicable established patient office visit level associated with the examination.
 - (ii) Modifiers "V1", "V2", "V3", "V4", or "V5" shall be added to the CPT code to correspond with the last digit of the applicable office visit.

The applicable established patient office visit level associated with modifier "V5" for this examination is represented by procedure code 99215. This procedure code is reimbursed in accordance with 28 Texas Administrative Code §134.203(c), which states:

To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications.

- (1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83...
- (2) The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year...

The Medicare fee is the sum of the geographically adjusted work, practice expense and malpractice values multiplied by the conversion factor. The maximum allowable reimbursement (MAR) is calculated by substituting the Division conversion factor. The Division conversion factor for 2016 is \$56.82.

For procedure code 99215 on August 29, 2016, the relative value (RVU) for work of 2.11 multiplied by the geographic practice cost index (GPCI) for work of 1.018 is 2.14798. The practice expense (PE) RVU of 1.81 multiplied by the PE GPCI of 1.009 is 1.82629. The malpractice (MP) RVU of 0.15 multiplied by the MP GPCI of 0.772 is 0.1158. The sum of 4.08007 is multiplied by the division conversion factor of \$56.82 for a MAR of \$232.40.

Per 28 Texas Administrative Code §134.204(j)(4), "The following applies for billing and reimbursement of an IR evaluation... (C)(ii) The MAR for musculoskeletal body areas shall be as follows. (I) \$150 for each body area if the Diagnosis Related Estimates (DRE) method found in the AMA Guides 4th edition is used." The submitted documentation supports that the requestor performed an evaluation to determine the impairment rating of the lumbar spine using the DRE method found in the AMA Guides 4th edition. Therefore, the MAR for this examination is \$150.00.

The total MAR for the disputed services is \$382.40. New Hampshire Insurance Company paid \$232.40. An additional reimbursement of \$150.00 is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$150.00.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Sec. 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services in dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$150.00, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order.
